A new bus network for the Sunshine Coast

On opening of the new Maroochydore bus station. Your new bus network will provide you with:

- a new Maroochydore bus station
- better connections to train services
- simple, direct and frequent services

An important note for school students

As part of these changes, you may notice some changes to bus stops within your local area.

Please note that Buslink school services are not impacted by these bus stop changes and will continue to use these stops, even if they are no longer serviced by regular Sunbus buses.

You can grab a copy of your new timetable from mid November by:

- visiting translink.com.au
- on-board your local bus service
- visiting your local library, electorate office, tourist information centre and major shopping centres such as Sunshine Plaza and Kawana Shoppingworld
- calling 13 12 30 and having one sent out to you

For more information about your new bus network, visit translink.com.au or call 13 12 30 anytime.

2014 Planning

The number of classroom teachers in all Queensland State Schools is determined by an allocative model based on the number of students enrolled at the school at the of the second week of the following school year.

It is extremely important that if you are aware that your children will not be attending Kuluin during 2014 you need to advise your child’s classroom teacher or our Office staff to assist us with our planning for next year. If you have a Prep student who will be attending Kuluin in 2014 please ensure that you have completed the enrolment forms and returned them to the school office. The Prep Open Night will be occurring this Wednesday evening at 6:00pm.
