

Kuluin State School

School review conducted 9 to 11 March 2021

Every Queensland state school is reviewed by the Department of Education at least once every four years. School reviews provide important feedback to support schools in continuing to deliver quality education and improve learning outcomes for students.

Review highlights

- ✓ Trust, mutual respect and family.
- ✓ Joy, happiness and fun.
- ✓ Culture of learning.
- ✓ Cohesive and systematic approach to school improvement.

Consultation

Total of 115 interviews

6 community members and stakeholders

46 school staff

32 students

31 parents and carers

Each school review generates a number of key improvement strategies to inform continuous improvement in all state schools. The next steps are...

- ➔ Develop roles, responsibilities and accountabilities for members of the leadership team and key staff aligned to the explicit improvement agenda with accompanying processes to measure impact on improvement against established accountabilities.
- ➔ Explore opportunities within curriculum units of work to include locally relevant content and contexts, 21st Century learning strategies and further opportunity for students to inquire, innovate and creatively explore within learning areas.
- ➔ Leverage off school professional learning teams to deepen the school scan and assessment process to include a collaborative in depth analysis of school data, groups of students, school practices, current research and staff members' perceptions regarding problems of practice.
- ➔ Review teacher access to digital technologies and build a school infrastructure and staff capability plan to support the integration of digital literacies within classroom curriculum units.
- ➔ Collaboratively review student support practices to ensure they are targeted to meet the needs of students and effectively utilise school resources.
